Autism Walk 2008 is a 5K walk to raise awareness and funds for local autism programs. This year's event will feature a 5K walk, silent auction, autism resource fair and kid's carnival. All monies from the event go directly to funding autism programs at northland schools including Duluth, Edison, Hermantown, Proctor, Superior and the Scottish Rites Lending Library.

United we can provide support and educational opportunities for the children and families affected by autism. With your help, we can make this year's event a great success. There are a number of ways to participate:
